## EDUCATION

University/School	Degree
Carleton University (Present) Graduating in 2023	Computer Science - <b>Bachelors Honors</b> - Computer and Internet Security
The Indian School	Computer Science PUC

## EXPERIENCE

**Bahrain Royal Flight, Bahrain** — *IT Trainee*

MAY 2021 - PRESENT (ONGOING)

- Assisted in installing, configuring, and maintaining personal computers to match the required IP configurations as per the server setup.
- Monitored along with the system administrator, the network breaches and stress testing of the servers with regular assessments.
- Assisted in developing a dynamic database, to improve overall functionality.
- Monitored the creation of staff ID's and storing biometrics by using the inbuilt system to enter / update the data into the database.

## PROJECTS

★ **Movie Lookup** → This project was built with the aim of using it to lookup movies/ actors names and creating accounts of new users or returning users with the ability to upgrade and update their accounts to a premium or contributor where they can add movies or remove movies from the list.
